

Hi future MIMPI mentors!

Check out the mentorship
program a little bit more.

MIMPI MOVEMENT

MIMPI Movement is a social enterprise with the vision to help empower and enable Indonesian youths in pursuing quality higher education. Our mission is to provide equal access to academic and professional guidance for youths, regardless of their backgrounds.

Membantu Indonesia Meraih Pendidikan tinggi

Mentorship

MIMPI Mentorship Program

MIMPI Mentorship program is a 3-month program catered to helping youths to achieve their academic and professional goals.

We carefully select highly motivated youths and pair them up with MIMPI Mentors who share similar interests.

The mentors' job is to help their youths pave their own way towards success and to uplift and support them to become next- generation society capable of creating real-life impact in their fields.

More on The Mentorship Program

1

1 on 1 Mentorship Program

Personalized Mentoring session with mentee that share the same interest with you. MIMPI Team will provide each mentor - mentee pair with individualized Google Room Chat and Zoom link. MIMPI Team will also provide worksheet for each session to facilitate the discussion.

2

Monthly Check-In with Team

MIMPI Team will check on the mentorship progress monthly and ask if there is anything we can help to support you as our MIMPI Mentor.

3

Optional Financial Compensation

The regular commitment fee for a mentee is Rp 300K/month (commitment fee for mentees with financial assistance can be exempted up to 100%). Mentors can choose whether they want to receive a small financial compensation or donate it to one of our educational charity partners*.

*Amount will be 30% of the total monthly income from the payment made by all paying mentees divided by the total amount of mentors in the same batch. MIMPI Team will provide monthly report on the amount. Payment/donation will be made after completion of the Mentorship Program.

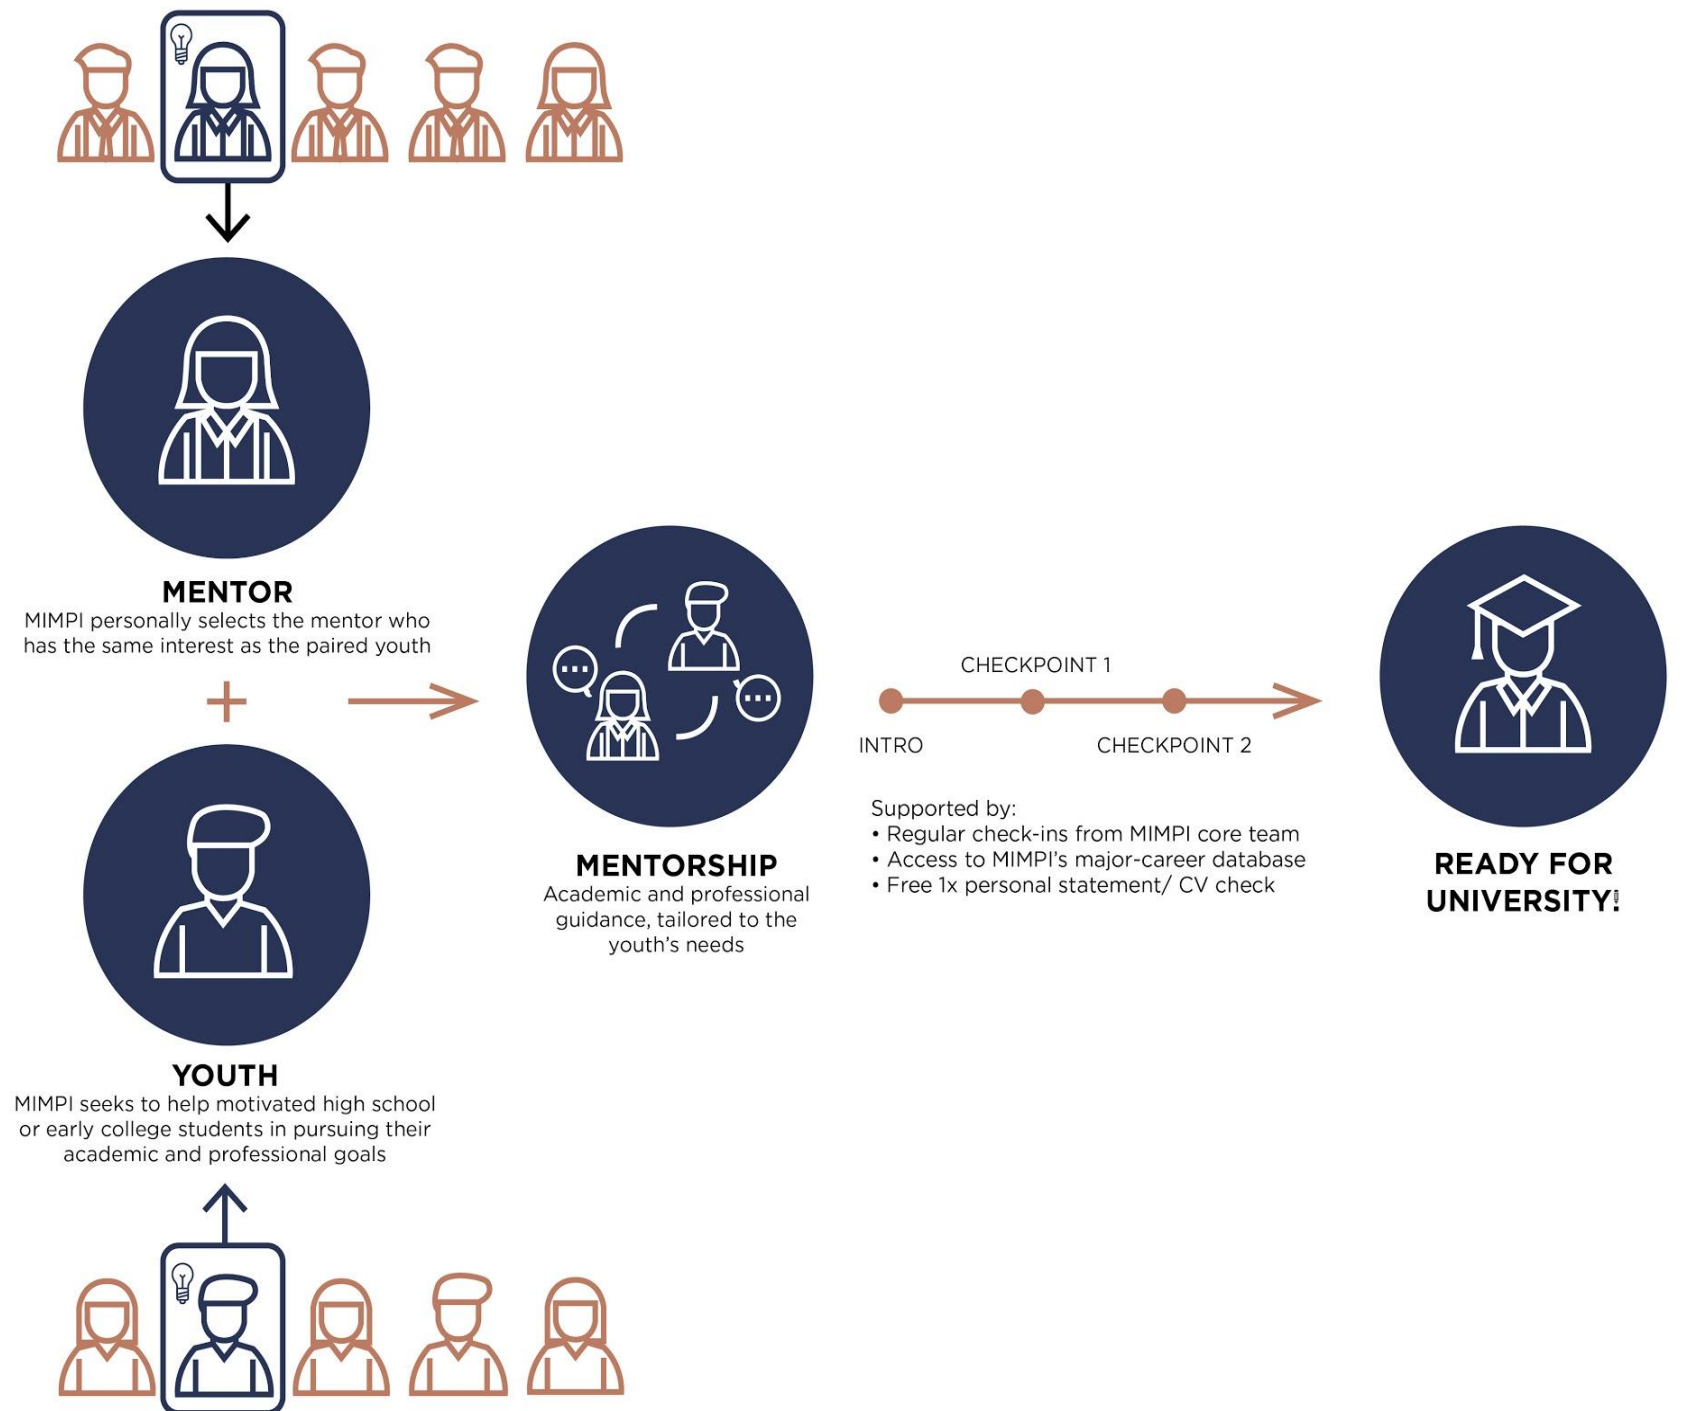

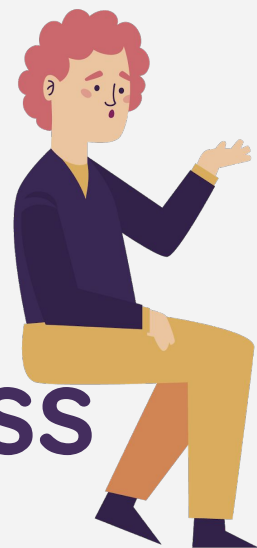

How you can help your mentee

Your mentee is here to get academic and career guidance from a young professional, you.

As a mentor, you're here to answer questions from your mentee and let them know what possibilities and options are out there. Talk about:

1. Career options for your major or major options for your career path
2. Challenges you faced along the way
3. Skills they might need to excel
4. What kind of courses you took in university
5. Tips on creating their life plans

The Process

The Journey

1

Program kick-off. Info session and networking event. MIMPI Team will facilitate the meeting by providing personalized Google Room Chat and Zoom room.

2

End of 1st Month. MIMPI Team checks in with the Mentor - Mentee progress. (**Introduction** and **Life Goals** done.)

3

End of 2nd Month. MIMPI Team checks in with the Mentor - Mentee progress. (**University/ Professional Life** done.)

4

Graduation! End of the mentorship journey, but our wish is that your relation to your mentee can be a lifelong connection. **Next Steps** done.

Meeting Topic Suggestions

1

Introduction

Get to know your mentee's interest and reasons why they want to pursue a certain major or career option. Tell them what you think and share your story.

Next:

tell your mentee to set their life goals (university and work/ 3, 5, and 10 years from now)

2

Life Goals

Talk about your mentee's life goals (which universities or companies). Share, which career choices are popular for recruiters and where can they find good information about your industry's news.

Next:

tell your mentee to research and prepare questions about their intended majors/ career paths.

3

Major/ Career Paths

Understand your mentee's interest, answer questions about their majors/ career paths. Share suggestions about courses, specializations, or career paths based on your experience. Help them understand what you actually studied in your major and what subjects are important.

Next:

mentee to research on university application process/ career opportunities that they desire.

1st month

2nd month

You don't have to follow these meeting guidelines. If you think of other topics that can be beneficial for your mentees, feel free to edit accordingly.

Meeting Topic Suggestions

4

University/ Professional Life

Share suggestions to help them with their university admissions or job application process.

Review their list and tell them what they should include in their applications, personal statements, CV, or cover letter.

Next:

tell your mentee to self-evaluate and set a list of things they should work on next

2nd month

You don't have to follow these meeting guidelines. If you think of other topics that can be beneficial for your mentees, feel free to edit accordingly.

5

Next Steps

Review mentee's next steps to be able to succeed.

Suggestions:

- Certifications to take
- Skills to develop further
- Books to read/ movies to watch
- Things to include in personal statements/ CV
- Organizations to join

Next:

mentee to revise his/her plan

3rd month

6

Last Meeting

Review mentee's revision of his/her life plan. Make sure it includes action plans and a projection of their life in 3-5 years.

Let the MIMPI Team know once you're done with this meeting and we will set up a graduation event/ networking session for everyone.

A MIMPI Mentor Should Be...

Proactive and eager to guide your mentee in establishing and reaching their academic and career goals.

Committed to helping your mentee and answer their questions through chat via Google Chat.

Excited to talk to your **mentee**. At least 20 mins virtual meetings every 2 weeks will be held through Zoom.

Google Chat room and Zoom link will be provided by the MIMPI Team.
